But well it seems to have become quite stiff
I could continue tearing it apart like this,but at this rate the sun will set
I could increase the number of dark knights but...

Ohhh
oh?
キラーン
It looks quite similiar to the elemental crystals but its color is a bit different from one with a darkness element
おおー
I have gotten around to acquiring most of the items in this game but
To think that I would would be able to get a hold of on items like a demon crystal
Originally, it was just a game element that disappears when the lesser demon is eliminated

Giving this a try might be interesting
Just waiting for my summoned knights to finish off the Cockatrice would be boring ...
ゴゴゴゴゴゴ...
The strength of the spirit summoned this way would be determined by the catalyst used
Which allows the user to use an item with pure energy as a catalyst to add an element to the weapon spirit
Summoners have a skill called elemental shift
Summoning technique
Elemental shift Dark Knight

What .. this this .....?
This is Quite peculiar

This is....
ゴルァ…
I wonder what I should be calling this.
Dark Beast?
モンスターよりも凶悪な召喚獣、参上。
To be continued
